

# COVID-19 Screening Questions for Patients

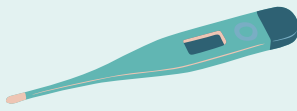

Naturopathic doctors and all other regulated health practitioners are required by the Ontario Ministry of Health to screen every patient attending an in-person appointment.

You are required to answer the following questions and inform your naturopathic doctor or clinic staff of the results. If you screen positive by answering “yes” to any of the questions, it does not mean that you have COVID-19, but regulations require primary care practitioners to take additional PPE precautions when seeing you in-person.

1.

**Do you have any of the following symptoms?**

- Fever and/or chills
- New onset of cough or worsening chronic cough
- Shortness of breath
- Decrease or loss of sense of taste or smell
- If adult >18 years of age: unexplained fatigue/lethargy/malaise/muscle aches (myalgias)
- If child <18 years of age: nausea/vomiting, diarrhea

If you are not fully vaccinated, i.e., have not received your final (or second) dose of COVID-19 vaccination more than 14 days ago please also answer the following:

3.

**Have you travelled outside Canada in the last 14 days?**

4.

**Have you had close contact with a confirmed case of COVID-19 without using appropriate PPE?**

2.

**Have you tested positive for COVID-19 in the past 10 days or been told that you should be isolating?**

**OAND** Ontario  
Association of  
Naturopathic  
Doctors

## COVID-19 Screening Results

- If your responses to ALL of the screening questions is NO: You have screened “Negative”
- If your response to ANY of the screening questions is YES: You have screened “Positive”
