Continuing Education and Professional Development Log

The CE and PD log is a summary of your CE activities during your current CE cycle. For each activity you complete, record the course provider, the name of the course, the activity date, the number of credits you have earned and the outcome on the appropriate form below. At the end of your cycle you will submit your completed log to the College.

For more information on your CE requirements or how to complete the forms, please refer to the Continuing Education Handbook.

First Reporting Cycle Credit Requirements

For your first reporting cycle, you will have modified CE requirements based on your cycle end date. Your first CE cycle begins on April 1, 2014. Any CE credits you complete on or after April 1, 2014 can be used to fulfill the credit requirements for your first reporting cycle.

Please note that following your first reporting cycle, you will be required to complete and report on the full 70 hours of Continuing Education and Professional Development every three years.

The modified requirements for the first three reporting cycles are:
