

Corporate Partners Offers During COVID 19 Pandemic

It is vital that we come together during these changing times as a community and provide one another with tools and resources to make it through. The OAND has reached out to its valued corporate partners and asked, “What are you doing for NDs during this time?”

We have put together a list below of OAND Corporate Partners that have reached out to let us know what they are providing to Ontario NDs that may be helpful. Some of the offers are FREE initiatives and others are paid or at a discount of members. All the information is below and should you have any questions about specific programming, please reach out to the individual companies listed as they will have all the information you need!

We hope to add to this list as more details come in. Be sure to check the Latest News and Announcements Section on the Members Side of OAND.org to stay current.

Restorative Formulations:

Restorative Formulations is offering NDs, FREE 30 min webinars.

- April 7 : Cardiovascular Support with Decker Weiss, NMD
- April 21: Thyroid Support again with Decker Weiss, NMD.
