#### Recent Testing Reveals maxill's tb Minuteman NEX GEN Disinfectant Wipe is Effective against SARS-CoV-2\*\*

maxill is pleased to announce that our tb Minuteman NEX GEN Disinfectant Wipes have been tested using Good Laboratory Practices and proven effective to inactivate in 1 minute SARS-CoV-2, the virus that causes COVID-19.

maxill is a provider of infection control products and has been able to provide its customers with hard surface disinfectants during the period time that Emerging Viral Pathogen policies have been in place. Though these policies are temporarily enabled by the EPA and Health Canada maxill realizes it is necessary to ensure for the long term that we can provide fully qualified products to disinfect against SARS-CoV-2. For the interim and within the scopes of these policies our tb Minuteman NEX GEN Disinfectant Wipes are expected to be effective against SARS-CoV-2. Now with this recent testing, and "subject to regulatory approval by Health Canada the labels for tb Minuteman NEX GEN Disinfectant Wipes will be updated to include this new information.
